perkhana at Devasamundra in the

to the standard type plans, as a

Reports that the mesafukhama work
will be taken up and funds provided
therefor by postponing the work of repairing
the fresh water well at Devasaundra &
Submits a plan of the mesafukhama
work.

It is urged that a building is necessary
for holding the Union office and for accommodat-
ing travellers and officers who may have to halt there.
It is reported that Devasaundra was formerly
a municipality. It is not known where
the municipal meetings were held in the
absence of a building. The Union meetings
perhaps be now held where municipal
meetings were being held when the place was
a municipality.

Devasamunda is not situated on any main or branch road. It is only 2 miles from Rampur where there is a Travellers Bungalow and also a musafirkhana. So the necessity for a ~~new~~ musafirkhana. The situation of Devasamunda does not seem to demand the construction of a ^{new} musafirkhana. If it is solely intended to meet the wants of the officers, the charge can not legitimately be borne by the District Funds. Nevertheless if it is decided to have a building it would not be real economy to roof it with pot tiles on bamboo reapers as provided for in the estimate.

From the same officer N. 306 d. 18. 1. 1.

States that a misafullhana a
Devasamudra is necessary for the benefit
of the people in general and for the
transaction of Union business, for reasons
given, and that the building will be com-
pleted as funds become available out
of the Union collections.

(3) The plan of the misafullhana shows
that it will ~~be~~ not conveniently serve
for both purposes viz for holding the
Union office and accommodating travellers.
The plan provides only for a room & a
hall without a room for cooking purposes.
Further if the Union office is held ~~either~~
in the room which is very small in the Hall
as the room being 7x9' is too small for
the purpose it is likely that it will
inconvenience travellers considerably or
the travellers will not occupy it at all.
Thus the building is likely to ~~more~~
be useful more for the purposes of
conducting Union business than
for accommodating travellers.
The President approved the A. T. D. Board and

he requested to consider the proposal
to have a larger building with
more rooms to serve both purposes
or to have two separate buildings

SECTION L.B.
FILE NO. 48-11

To H.S. Balasubramanian Iyer, Esquire, B.A.

Off. Secretary to the Government of
His Highness the Maharaja of Mysore,
General & Revenue Dept.
Bangalore

Sir,

In forwarding herewith, an estimate in duplicate amounting to Rs. 538/- for constructing a masonry-firkhana at Dewasamunda in the Molakalmuru Taluk, I have the honor to state that this village was formerly a minor Municipality and now an important Union. In this place, there is not a single public building where to hold the Union Office and

2

its want is very keenly felt by the Union Panchayatdar and more so by the travelling public, as well as the Officers on duty who may have to halt at the place.

2. In these Circumstances, I am of opinion that the existence of a musafirkhana in this out-of-the-way place is very necessary. A portion of the same may also be used for holding the Union Office for which there is no suitable building at present.

3 The subject was also placed before the District Board Meeting held on the 8th instant and the proposal was approved Unan. Copy of the Board's

Resolution in the matter is
herein submitted.

4. I request that
Government may kindly be
pleased to accord their sanction
to the estimate at an early
date so that the work may
be put in hand at once and
completed before the close of
the financial year, the charges
being met out of the sum
provided under the head
"P. Public works - to be
executed by the Revenue Department"
in the current year's District
Fund Budget.

I have the honor to be
Sir,
Your most Obedient Servant
W. H. Hardy.
